Home Learning: Atwell Autumn Term 2 2026

Choose your home learning from the menu below:

The **Challenge-o-meter** suggests the difficulty or challenge the home learning may offer. Every term you should attempt **at least one** **'EXTRA HOT'** task!

Extra Hot	Design a mini lesson to teach the class something that you are interested in. Think how you would adapt it for all learners. ANY SUBJECT	Produce some two-step multiplication and division problems themed around one of your interests MATHS	Write a story about anything but make sure you include some suspense! (Think short sentences, Show Not Tell and not giving away too much) You could even illustrate it! ENGLISH	Design a board game to help the class with a maths topic of your choosing. MATHS
Hot	Use 2animate to make an animation about something we have learned. The Tunnel story or an Antarctic explorer perhaps? COMPUTING	Challenge yourself to learn a poem off by heart. Make sure it is one that you really like. ENGLISH	Research any famous explorer of the Antarctic. You can present the research in any format you like: film, diary entry, poster, non-chronological report, stop animation etc. GEOGRAPHY	Design a poster to help the class learn a difficult times table. We are currently on the 7's. MATHS
Mild	Design a bicycle helmet. What shape would it be? What designs would be on it? Design Technology	Can you find some of your favourite places on a map or google earth? Are they in the northern or southern hemisphere? What is the climate like? GEOGRAPHY	Make a poster about our human rights at school and at home PSHE	Think about a festival you have been to in your life. Have you got any photos of it? Talk to your family about it. Why did you have the festival or celebration? RE
Extra Mild	Remind yourself how brilliant you are, every day before school. What are you good at? There is only one you. PSHE	Take photos of different things that you pull or push in the home or around where you live. SCIENCE	Design a warm up for Coach Hud to use in one of his PE lessons. PE	Can you make a poppy design to mark remembrance – using just paper and pencil or using paint or fabric or Lego! ART
