

# Meet the Team 2025-2026

Year 6  
Mr Osbourne &  
Miss Clark

# A bit about us...

Sharman Class:  
Miss Clark

Attenborough Class:  
Mr Osbourne

PSAs (Pupil Support Assistants):  
Mrs Barnes

EHCP Support:  
Mrs Mitchell

# Core Curriculum Drivers

We know that our children will enter a diverse and challenging world of work. For this they are going to need to demonstrate a unique set of life skills and be prepared for lifelong learning. Our curriculum is designed to help them to achieve this.

Our starting point is the National Curriculum; however we have tailored this using our three core drivers to meet the needs of the children at our school. To see how this works in each subject please see our individual Intent documents.

Our three core curriculum drivers are.

Well-being: For all children to value themselves.

Future: For all children to develop the skills and habits of lifelong learners.

World: For all children to embrace diversity, express themselves clearly and have a positive impact on society.

# A little bit about our topics of study this year...

- The Year 6 curriculum will build upon all that children have learnt in primary school thus far and will prepare them ready for secondary school.
- We work hard to create meaningful links across the subjects.
- An overview of the curriculum can be found on the school website.
- In **English** we use high quality books and short films to inspire our writing.
- In **Mathematics** we use a range of practical methods and formal written methods to solve problems.

# Our typical day

- Every day will contain:

Arithmetic, Maths, English, Reading, SPaG and then a topic lesson in the afternoon.

# PE Days

On PE days children come to school in their active uniform (their PE kit).

PE days are **Tuesdays and Thursdays**.

Please ensure long hair is tied up and earrings are removed on PE days.

# Class emails

- These are not checked during the school day as we are in class teaching your children. Any emails about sickness or pick ups must go to the office, they will pass the information onto us in the classroom.
- Every Friday we will send you an email about what we have been learning and what to expect the following week.
- Please check that we have the correct email address for you on the list to ensure you receive all important information.

# Home Learning

We will be sending home in the next couple of weeks a login for Spelling Shed and Maths Shed. (One login means you can access both of these).

We will begin to set weekly spellings in preparation for SATs. There are a range of games children can play to practise their spellings – you may need the sound up for some of them so they can hear the sound or word they are looking for.

We will set some maths activities linked to the areas of maths learning. This is a mixture of activities and games.

‘Take away’ Home learning – this will be a grid with a range of different activities your child can try at home linked to the learning each term. It will be uploaded to the website next week. Please either email or send in any home learning so we can celebrate it in school.

We will be sending home a text with comprehension style questions for children to complete at home.

During the holidays, there will be revision style homework sent via the class email accounts by Miss Scull.

# Healthy School

- Remember we are a healthy school.
- This means that we ask the children to access WATER during the day, not juice/squash.
- We have fruit provided as part of the Healthy School initiative, which the children all have access to.
- We are a NUT FREE school, with some severe allergies, please do not give your child any nut products in their lunches.

**This includes Nutella and Peanut Butter!**

# Birthdays

- We are unable to accept sweets/cakes etc for the children for birthdays or other occasions. If you wish to provide something for the class to enjoy, a wet play game or story book is very appreciated.
- We do not hand out party invitations at school, this will need to be organised outside of school.

# Medicines

- Please ensure that your child's medication is in school and within date.
- We must have the completed care plan otherwise we are unable to administer any medicine.
- Do not place medicine or creams in your child's bag – please give them to a member of staff.
- If your child has been in hospital, please make one of us aware, as we may need to make a short term care plan to ensure we are able to care for them effectively.

# Attendance

- We expect all children to attend school every day. Please make every effort to ensure your child attends on time every day.
- The doors are open at 8:45 and close at 9:00 prompt, if you arrive after this time your child will need to enter via the front gate and office.
- If your child has sickness or diarrhoea due to a bug please keep them off for 48 hours after the last bout.

# A.O.B and questions...
