

Home Learning: Year 4 Summer Term 1 2025

Choose your home learning from the menu below:
The **Challenge-o-meter** suggests the difficulty or challenge the home learning may offer. Every term you should attempt at least one **'EXTRA HOT'** task!

Extra Hot	<p>Maths - My Supermarket! Set up your own mini market at home, with 5 things that could be bought. Give each item a price and create some word problems involving money, and your items. Eg. 1 tin of corn and 1 packet of biscuits equals ...</p>	<p>English - Write a news recount about an event that takes place over your easter holidays. Use the structural and language features you have been exploring in class.</p>	<p>SCIENCE Draw and label a diagram explaining how we hear and how sound travels</p>	<p>Computing - Create a piece of art using an AI tool online. Make sure to put clear instructions to ensure that the art piece is what you'd like it to be. You can use Chat GPT in order to do this.</p>
Hot	<p>History/RE Write a description of an Anglo Saxon or Viking god such as Odin/Woden, Thor or Freya.</p>	<p>Maths - Bar chart / Line graph Create a bar chart or line graph of your own about a topic of your choice (eg. Bedtimes across a week, daily temperatures etc). How will you present your data? What interpretations can you make?</p>	<p>History Create a fact file on Harold Godwinson, Harald Hardrade or William the conqueror for our next topic on the Anglo Saxons.</p>	<p>Art - Create a piece of art inspired by Maryam Arslan related to food. Feel free to use any technique that you wish.</p> <p>Link showing some of her pieces of art: https://ambiancehotels.net/artists/maryam-arslan/</p>
Mild	<p>Science - Listen to your favourite type of music with a family member or carer at home. Identify when the music is loud, quiet, high-pitched or low-pitched. • Find out about Evelyn Glennie, the percussionist who is deaf but senses her music by feeling the vibrations with her body</p>	<p>PSHE - Create a monthly or weekly budget. For example, work out how much money you spend over week or a month compared to how much you receive.</p>	<p>PE - See how many push ups, crunches or squats you can do in a row. Set yourself a target to beat 2 weeks later and then practice everyday to beat this record.</p>	<p>Maths - Record in minutes and seconds, how long it takes you to do tasks around the house. Write down the time you start, and when you finish, then convert these times to 24-hour time.</p>
Extra Mild	<p>History - What do you know of the Vikings? Create a factsheet that details who they were and what they did when they came to Britain</p>	<p>English - Quiz Create a quiz for your favourite book, or a book that has been adapted as a film.</p>	<p>RE What can people learn from religion? Create a quick list of how religion can teach us between what is right and what is wrong.</p>	<p>PE Can you create a new game that can be played in PE? Think of the rules and how they points can be scored.</p>
