# Part A: Pupil premium strategy plan

## Statement of intent

Our key objective in using the Pupil Premium Funding is to diminish the differences between pupil groups. Our intention is for our disadvantaged pupils to achieve at least in line with all pupils nationally. Our intention is that disadvantaged pupils make good progress and achieve high attainment across all subjects. As a school we consistently track all groups of pupils to ensure that they make good or better progress.

Through targeted interventions we are working to eliminate barriers to learning and progress. We closely monitor how we are spending the allocated funds to ensure they are having an impact on pupil premium achievement.

Our key principle is that high quality class teaching sits at the heart of this approach. However, we draw on the Education Endowment Foundation research that shows that small group tuition can be effective.

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Disadvantaged pupils need to accelerate their progress to ensure they are in line with non-disadvantaged pupils in our school – lower language and literacy skills impacts on the progress.
2	Fewer disadvantaged pupils are at age related expectations within their year group in writing because of barriers in language, literacy skills and understanding of vocabulary.
3	Fewer disadvantaged pupils are at age related expectations within their year group in mathematics.
4	Some disadvantaged parents do not have high enough aspirations for their child's academic achievement – pupils do not always have access to a broad range of experiences beyond the school day and exposure to high quality texts.
5	There is inconsistent support from home – attendance at meetings, support with home learning, family challenges, lack of confidence to help with Reading/Writing/Mathematics.
6	Attendance rates – this reduces their school hours and causes them to fall behind. Disadvantaged pupil's attendance – 2021 92.24%, 2022 90.76% Non Disadvantaged pupil's attendance – 2021 95.11%, 2022 93.21% Disadvantaged pupils Persistence Absence – 2021 29.37%, 2022 32.35% Non Disadvantaged pupils Persistence Absence – 2021 15.77%, 2022 22.61%

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
1. To improve language skills in early years and Key Stage 1 – especially subject specific vocabulary to support reading skills.	Disadvantaged pupils to be in line with national in: <ul style="list-style-type: none"> <li>• ELG reading</li> <li>• Year 1 phonics screening</li> <li>• KS1 Reading</li> </ul>
2. To accelerate the progress of all disadvantaged pupils and diminish the difference between disadvantaged pupils and non-disadvantaged in writing.	Disadvantaged pupils to make more than 6 points progress over a year to diminish the gap in writing between non-disadvantaged pupil.
3. To accelerate the progress of all disadvantaged pupils and diminish the difference between disadvantaged pupils and non-disadvantaged in mathematics.	Disadvantaged pupils to make more than 6 points progress over a year to diminish the gap in mathematics between non-disadvantaged pupil.
4. To provide wider experiences for disadvantaged pupils to widen their life chances and develop a wider range of life skills and vocabulary.	Disadvantaged pupils to make at least 6 points progress over a year. Tracking of after school activities show that at least 30% of cohort are disadvantaged pupils.
5. To increase opportunities for disadvantaged parents to build confidence in their ability to support their children academically.	Range of parental training is provided and targeted at disadvantaged families. Tracking of parental training show that at least 30% of cohort are disadvantaged families.
6. To improve attendance rates of disadvantaged pupils to ensure they are in line with other pupils nationally. To improve punctuality of disadvantaged pupils. To reduce the persistent absence rates of disadvantaged pupils to ensure they are in line with other pupils nationally.	Increase disadvantaged pupils' attendance by 3% (currently 92%)

## Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

## Externally provided programmes

*Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England*

Programme	Provider
None	

## Service pupil premium funding (optional)

*For schools that receive this funding, you may wish to provide the following information:*

Measure	Details
How did you spend your service pupil premium allocation last academic year?	None
What was the impact of that spending on service pupil premium eligible pupils?	None

## Further information (optional)

### Additional Activity

Our pupil premium strategy will be supplemented by additional activity that is not being funded by pupil premium or recovery premium, this will include

- Providing School based counselling Speak Up 3 days a week, to ensure that the children are able to discuss any mental health issues.
- Providing subsidised Music tuition from the Enfield Music Service.
- Providing subsidised visits.

We used the EEF's guidance to help us develop our strategy. We have a robust evaluation process in place for the duration of our approach and will adjust plans over time as necessary to secure the best outcomes for our pupils.
