Friday 5th March

Week 22,

We are looking forward to the children all returning on Monday morning, the staff have been in this week to make sure that everything is ready for them.

We are hoping that this will be the last time that we have to use the Remote Learning offer, but please be aware that if we get any positive Covid cases we will have to close the affected bubble. We have everything crossed that today will be the last day of Remote Learning and would like to get your opinion on the service we have provided, this survey will be open until 9am on Friday 12th March.

We also know that some of you and your children are anxious about the full return to school on Monday, if you can complete the form below over the weekend I will ensure that the staff that work with your children have the information and can then ensure that the extra support needed is provided to your children. This survey will be open until 2pm on Monday 8th March.

Please remember you only have a **five-minute window** to drop your child off at the gate and only Nursery and children that have been contacted by myself will be able to enter the site during the morning drop off.

At the end of the day we expect only one parent to enter the site to collect their child and for that adult to be wearing a face covering or have a clearly visible exception lanyard. Again you only have a **five-minute window** to collect, and the staff are not available to have a general chat, they will ask you to email or phone to arrange a telephone call to discuss any concerns you may have.

All of this information was in the full reopening letter that I sent out last Friday and have attached again to this email today.

Mr. Millard's multi sports clubs will also be restarting next week for the children who had already booked a place (they are due to run for 3 weeks before the Easter break).

We are expecting anyone who has had one of our laptops on loan to return this to school when they collect their child at the end of Monday, Mrs. Hammond will be available in the main playground to sign it back into the school and once they have been quarantined for 72 hours we will then be checking to ensure that there that been not issues that may need to be fixed or replaced.

This morning I did send you information related to Lateral Flow Device testing, these are available for any families who have children at school age, for more information about your options please see the previous email or the flyer attached.

I am aware that there is a lot of information in this newsletter again but we are trying to make sure that everything is covered for the full reopening on Monday, links from the Government that you may find useful include:
